OL. XXIV, NO. 305 GAINESVILLE, FLORIDA, FRIDAY, JANUARY 31, 1908 TEN CENTS A WEEK

END OF TRIAL IS NEAR

arry Thaw's Case May Go to the Jury Friday.

SANITY THE MAIN DEFENSE

District Attorney Jerome Will Sum Up People's Case to Jury and Ask that Thaw Be Convicted of Murder in the First Degree.

New York, Jan. 30.—Save for arguments of the attorney and the charge of the judge, the trial of Harry K. Thaw, charged with the murder of Stanford White, is finished.

Afetr spending nearly three weeks in listening to the evidence produced by both sides of the case, the jury will now listen to the address of Martin W. Littleton, Thaw's chief counsel. In his address, there will be nothing of the sensation which came to the courtroom on the first trial when Delphin M. Delmas, at the time conducting the defense, appealed to the unwritten law as a defense of Thaw's action in killing White.

In Mr. Littleton's address there will be nothing that has not appeared in the testimony in open court, notning but plain defense of insanity.

On Thursday, District Attorney Jerome will sum up the people's case to the jury and will ask that Thaw be convicted of murder in the first degree, a conviction which would carry with it the death penalty.

It is known that Mr. Jerome believes that Thaw is now insane and always has been insane, and it is no secret that he would be satisfied with a verdict which would send the young Pittsburger to an asylum for the rest of his life. Mr. Jerome called no alienists to the stand to combat the insanity plea, and is therefore in a position to ridicule the testimony given by the experts called for the defense to his heart's content. On the conclusion of Mr. Jerome's address, Justice Dowling will deliver his charge to the jury. It is possible that Mr. Jerome will finish in such time on Thursday as to allow the delivery of the charge that night. If so, the case will go at once to the jury. If, however, it is necessary, Judge Dowling will wait until Friday morning to deliver his charge. However, the case may go, there is little question that Harry K. Thaw's fate will be in the hands of the jury by noon Friday.

NIGHT RIDERS BURN BARNS.

Party of Between Thirty and Fifty Visit Adairsville, Ky

Adairsville, Ky., Jan. 30.—Night riders burned two large barns on the farm of Jesse Burr, one mile west of here, Tuesday night.

The barns contained a small lot of tobacco belonging to Press Strickland, a cropper of Burr, who is not a member of the Dark Tobacco Growers' Protective association. Another barn on the place containing a large crop belonging to Pink Ward, an association cropper, was not molested.

Mr. Burr is not a member of the association, but he sold and delivered only recently a large crop to Springfield, Tenn., buyers and this he states perhaps saved him a heavy loss.

It is estimated that there were between thirty and fifty riders in the party. They came from a western direction and after quietly accomplishing the purpose rode away leaving no clew to their identity.

$40,000 Fire at Benton, Ark.

Little Rock, Ark., Jan. 30.—Fire on Wednesday destroyed the plant of the Saline River Lumber company, at Benton, Ark., entailing a loss of $40,000, insurance $27,500. The origin of the fire is unknown. Adjoining valuable property was threatened, but hard work prevented the flames from spreading.

Cold in the Northwest.

Milwaukee, Wis., Jan. 30.—The temperature here early Wednesday was 4 degrees below zero. Reports received from the northwest give the temperature at Superior, Wis., as 23 degrees below, Greenbay 14, Madison 12 and Duluth 28 below zero.

TO SERVE 24-YEAR TERM.

Tyranny, "Army Bad Man," To Be Transferred to Leavenworth.

New York, Jan. 30.—Described by officers of Governor's island as the "army bad man," Hugh Adolphus Thyranny, now in irons in Castle William, will soon be transferred to Leavenworth to serve a twenty-four-year term.

Tuesday the army officers on the island told why Thyranny is kept under the close surveillance which they have adopted in his case. He arrived from Havana recently under guard of three United States marines. The day before landing, they noticed him walking in a peculiar manner. Removing his shoes, they found in one of them a six-chambered revolver, which he had managed to secret in some manner. Additional precautions were then taken to prevent his accumulating any furtrer stock of dangerous weapons.

Thyranny's commitment papers show him to have been involved in several affairs involving guard house sentences while stationed in Cuba. He received his long sentence for what the papers describe as "intent to kill" a lieutenant and private by clubbing the former over the head with a big stick and repeatedly stabbing the latter.

OIL TANKS SET ON FIRE.

Lightning Caused Spectacular Fire at San Luis Obispo, Cal.

San Luis Obispo, Cal., Jan. 30.—Fire which started Tuesday afternoon in an oil tank belonging to the Union Oil company, at Port Harford, by a stroke of lightning, burned for many hours before finally controlled, consuming with their contents the tanks belonging to the Standard Oil company. No other damage was done, although it was thought at one time that nothing could save the Marie hotel, the Port Harford wharf and several cottages belonging to workmen around the oil tanks.

All of the contents of the hotel and the cottages were removed to the decks of steamers or to surrounding hills, and the inhabitants fled to the hills, scantily clad, in a heavy rain storm. A large quantity of oil was spread over the ground by frequent explosions and ran down on to the waters of the bay, blazing fiercely.

The total loss is estimated at $150,000.

COL. ED CALAWAY DEAD.

Was Probably the Best Known Hotel Man in the Country.

Forsyth, Ga., Jan. 30.—Colonel E. Calawny, formerly chief clerk at the Kimball house in Atlanta, and one of the best known hotel men in the south, died at his old home near here Wednesday morning. He had been ill only a short time. Death was due to a throat trouble.

Than Colonel Callaway there was not, perhaps, a better known hotel man in the southern states, in fact, he had an acquaintance among traveling men that extended over the entire United States and across the ocean.

KILLED HER MOTHER.

Shooting Was Accidental—Gun Was Thought To Be Unloaded.

Birmingham, Ala., Jan. 30.—Mrs. C. J. Shanahan, wife of a contractor on the extension of the Louisville and Nashville railroad, 15 miles south of Birmingham, Monday night shot and killed her mother, Mrs. Rachel McKilliam, of Canada, here on a visit.

The killing was purely accidental, and Mrs. Shanahan is now bowed down in deep grief. Mr. Shanahan removed the cartridges from a gun, she thought, but one shell remained. On snapping the trigger, Mrs. McKilliam was killed.

Attacked United States Senator.

Portland, Oreg., Jan. 30.—In a speech Tuesday night on "graft verses good citizenship," Francis J. Henry attacked United States Senator Chas. W. Fulton. The speaker presented his evidence much as he does in trying a case, reading what he declared were signed statements, public documents and sworn affidavits in substantiation of his accusations that Mr. Fulton had misused his high office.

PARLIAMENT OPENED

With Usual Ceremonies Observed For Centuries.

THE PROCESSION OF ROYALTY

King Edward and Queen Alexandra Rode from Buckingham Palace in Gilded Coach of State Drawn by Eight White Horses.

London, Jan. 30.—That most rare event of a London winter, a clear and sunny day, favored the royal procession to Westminster Wednesday, where King Edward opened parliament with the same ceremonies that have been observed for centuries.

King Edward and Queen Alexandra rode from Buckingham Palace to the houses of parliament in a gilded coach of state drawn by eight white horses. St. James park and Whitehall were unusually crowded and the soldiers who guarded the way had their hands full in keeping the people back.

A thousand officials, including peers, members of the house of commons, bishops, judges and diplomats, many of them attired in uniforms or robes of state, filled the chambers of lords when a fanfare of trumpets at 2 o'clock announced the entry of the state procession.

King Edward read the speech from the throne. Queen Alexandra was seated on a chair of state at his right and the Prince and Princess of Wales were on his left, and he was surrounded by a group of state officers.

The menace of an outbreak on the part of the women suffragists of England gave an unusual interest to the formal proceedings Wednesday. While it was not anticipated that the agitators would disturb the king, they threatened to make things interesting for the members of the house of parliament, particularly if there was no mention of suffrage in the speech from the throne. The only ladies admitted to the galleries of parliament were those for whom members vouched for in writing as their wives or relatives.

TOPPLED OFF TRESTLE.

Fast Train on New Orleans and Northwestern Wrecked.

Hattiesburg, Miss., Jan. 30.—Four cars of the fast New Orleans and Northwestern northbound passenger train No. 4 toppled off a low trestle near here Tuesday and rolled down an embankment without killing or fatally injuring a person.

Just north of Orvisburg, Miss., the tender jumped the track as the engine hit the trestle. The engine cleared the trestle safely, but the tender, baggage and mail cars and two day coaches plunged over the side of the structure. The sleeping cars remained on the tracks.

Dr. Johnson, of Laurens county, Mississippi, whose hip was crushed, was the most seriously injured of the passengers.

Several others were painfully bruised. The mail car caught fire and was destroyed with all the mail, which included matter mostly for points between Cincinnati and New Orleans.

Merger Almost Completed.

New York, Jan. 30.—The merger of the National Railroad of Mexico and the Mexican National railroad, New York financial men say, will be completed within a week or ten days. Under the agreement reached with the Mexican government a new company is to be organized, stock and bonds of which will be turned over to the stockholders of the two old roads. First mortgage bonds bearing 4½ per cent interest and ordinary mortgage bonds at 4 per cent will be issued in addition to one or more classes of stock.

Prominent Odd Fellow Dies.

Hopkinsville, Ky., Jan. 30.—Rev. John W. Venebal, for many years pastor of Grace Episcopal church here, and for the past forty years sovereign grand chaplain of the Odd Fellows in the United States, died Wednesday morning. Dr. Venebal was born in Washington, D. C., in 1832. Last September he fell and broke his hip.

SANDERS MAY WIN.

Chances Are He Has Carried Louisiana Gubernatorial Primary.

New Orleans, La., Jan. 30.—Steady gains for J. Y. Sanders in the count of the democratic state gubernatorial primary indicated that he has won the primary, carrying with it the certainty of the governorship of Louisiana at next April's elections. Sanders carried the city of New Orleans by between 5,000 and 10,000 votes. In early returns from the state at large he led T. S. Wilkinson by about 3 votes to 2.

The polls closed in the state primaries with both of the gubernatorial candidates claiming a victory. Early returns indicated that Lieutenant Governor J. Y. Sanders, one of the candidates, had carried New Orleans by a large margin. Supporters of Theodore S. Wilkinson the sugar planter, who is the only other candidate, claimed that the north Louisiana vote for the planter would equalize the New Orleans vote, leaving the remainder of the state to decide the contest.

A sad incident of the day was the death of Mr. Winkinson's mother, Mrs. J. B. Wilkinson. She resided in New Orleans, and had been ill some time.

WOMAN DRANK POISON.

Then Sent Newspaper Notice of Her Secret Marriage.

New York, Jan. 30.—After sending to a newspaper the announcement of her marriage, which occurred Sept. 21, last, Mrs. George B. Sears drank poison Tuesday night, and is in a dying condition at a hospital.

Mrs. Sears was Miss Augusta Bleckham, of St. Louis, and was married when she was 17 years of age to a Mr. D'Amron, of New Orleans. After a few years they separated and her relatives have heard little from her since.

On a table in her room Tuesday night, beside the bottle which contained the poison she had drank, was found a note asking that Mrs. A. F. Neidrichaus, 500 Maple avenue, St. Louis, be notified. There was also a brief note for her husband.

Mr. Sears did not live in the same house with his wife, but is said to have been a frequent visitor there. He stated that he knew of no reason why Mrs. Sears should have attempted to commit suicide, except that she was to undergo a serious operation on February 3. He refused to state why the marriage had been kept secret.

RIOTING IN LISBON.

Many People Wounded During Disturbance Over Politics.

Lisbon, Jan. 30.—There was an outbreak of political rioting on the streets of this city Wednesday afternoon, in which shots were fired and some people wounded. The disorders, however, were of short duration. The police had received warning in advance and they acted promptly.

The crowd made use of revolvers, and for a few minutes the firing was heavy, but it rapidly gave way and the crowd was dispersed by officers.

An official statement issued after the encounter says a number of persons received mortal wounds.

There has been no further outbreak and the city is now quiet.

Shot Father-in-Law for Burglar.

Dallas, Tex., Jan. 30.—Mistaking his father-in-law, William Conner, for a burglar, A. C. Burr shot and instantly killed him early Wednesday. Conner, who was about 60 years of age, had gotten up and was moving about the room, when Burr fired, the bullet entering over the right eye, and penetrating the brain.

Amendment Was Lost.

Ottawa, Ont., Jan. 30.—It was early Wednesday when the house divided on the amendment of Hon. R. L. Borden, leader of the opposition, censuring the government policy in connection with Japanese immigration. The amendment was lost by 45 to 160.

Motion for a New Trial.

Chicago, Jan. 30.—The arguments on the motion for a new trial of John R. Walsh, the former president of the Chicago National Bank, who was convicted of illegal use of the funds of the institution, were Wednesday set by Judge Anderson for March 30.

ROBBERS MAKE HAUL

Looted Mansfield, O., Fxpress Office of $3,000.

OVERLOOKED $40,000 IN GOLD

While People Were Standing About Depot, Masked Men Knocked Express Agent Unconscious and Then Robbed Express Company.

Mansfield, O., Jan. 30.—Shortly after midnight Wednesday morning two masked men entered the office of the United States Express company at the Union depot here, knocked William Depow, the agent, unconscious, and then got away with $3,000 while many passengers stood about the station waiting for a train.

A bag containing $40,000 in gold lying near the bag containing $3,000 was overlooked by the robbers.

Telegrams were promptly sent to the police of all near-by towns and as a result John McCue and Joseph Stevens were taken into custody at New London. They had the sack taken from the Southern Express office containing $3,000.

Stevens, the police say, confessed and implicated McGinnity.

According to Stevens' story the money arrived last Tuesday night from Delphos, O., and was consigned to a bank at Hamilton, O. Stevens said McGinnity, who has a reformatroy record, tipped off the arrival of the money and cooked up the scheme with him and McCue to rob the office. McGinnity was arrested.

CAPITAL CONSPIRACY SUIT.

Stanford B. Lewis Appeared as Witness for Commonwealth.

Harrisburg, Pa., Jan. 30.—Stanford B. Lewis, of Philadelphia, assistant to Architect Joseph M. Huston, who designed the state capitol and its furnishings, was a witness for the commonwealth again on Wednesday at the trial of the capitol conspiracy suits. Lewis is one of the fourteen defendants in the prosecutions, having been indicted on two charges of conspiracy involving $93,704, but has not yet been tried.

Lewis was called late Tuesday afternoon to explain the plans and specifications prepared by Huston for the furnishings of the capitol and also to explain the "quantities plans" upon which orders were given at various times for the furnishings.

The "quantities plan" is a blue print showing the amount and location of all furniture in the capitol.

VERDICT IN BEARD CASE.

Jury Finds Defendant Guilty—Recommends Life Sentence.

Gainesville, Ga., Jan. 30.—The jury which has been considering the case of John Beard, charged with the murder of his father-in-law, W. O. Hammond, in Hall county, returned a verdict of guilty Wednesday with a recommendation that Beard be sent to the penitentiary for life.

$200,000 is Asked for Roads.

Rome, Ga., Jan. 30.—Tuesday committees from the board of county commissioners and the board of the Merchants and Manufacturers' association went before the grand jury and asked that it recommend a bond issue of $200,000 for the improvement of Floyd county roads.

Lumbermen's Association.

Kansas City, Jan. 30.—At Wednesday's session of the annual convention of the Southwestern Lumbermen's association, papers were read on "The needs of a National Demurrage Law," by Carr W. Taylor, and on "The Lumberman and the Forests," by Overton Price. A general discussion followed.

Deadlock Still Unbroken.

Frankfort, Ky., Jan. 30.—Former Governor Beckham lost another vote in Wednesday's ballot for United States senator taken in joint session. The ballot resulted: Beckham, 82; Bradley, 51; McCreary, 2; Baird, 1; Blackburn, 1, and John K. Allen, 1.

VERY LOW RATES TO THE INSTITUTE

A Rate of One and One-Third Fare From All Points in Florida.

THE INTEREST IS INCREASING

Director Rolfs of the Experiment Station Believes There Will be a Big Crowd, Representing Every Section of Florida—Big Barbecue.

As the time grows nearer for the holding of the Farmers' Institute in this city, interest increases, and those interested anticipate a most beneficial meeting. A good crowd is anticipated, as Prof. Rolfs, director of the Florida Experimental Farm, has received information that many farmers and stockmen will be present from various sections of the State, even west of the Apalachicola river. Exceedingly low rates have been secured over the railroads, being one and one-third fare for the round trip from all points in Florida.

The program, which has already been published, is a most interesting one, and is destined to prove of lasting benefit and profit to the farmers and stockmen. Some of the most notable men in the United States will be here, and will address the meeting on matters of great importance to the agricultural and cattle industry of Florida.

The exercises will be held at a convenient point in the heart of the city, instead of the experimental farm, the place to be published later.

One of the leading features of the institution, which is bound to be a drawing card, will be the big barbecue. Mayor W. R. Thomas is in charge of the arrangements for this feast, which is an assurance that everything will be all right.

The institute will be held for three days, February 5th, 6th and 7th.

The rate offered by the railroads is exceedingly liberal, and the farmers throughout the State should not fail to take advantage of attending this institute, where they will undoubtedly learn much to their interest.

THE RATTLESNAKE.

Remedies for the Bite of the Venomous Reptile.

A rattlesnake carries his rattles on edge. They have no light-colored side. They never have holes wore through them. They do not drag them on the ground when crawling. They slope up from the end of the tail on the under edge and are usually carried at an angle of about 45 degrees.

A rattlesnake does not shake his tail when rattling. The shedding of the skin each year discloses a new rattle. When in proper position the rattlesnake can strike nearly one-half of his length. You can run the tine of a pitchfork down through the center of his head, and his rattle will stand up and buzz for hours, but draw a sharp knife across the back of his neck and the tail will lie down and the rattling cease. The power house is his head, and the current that sounds the warning is carried by the spinal cord.

It pains me to have to say that whiskey is not an antidote for the bite of the rattlesnake; in fact, it is about the worst thing the patient can take, as it heats the blood and thus stimulates the absorption of the venom, and gives you headache the next day. Not one person out of a dozen struck by a rattlesnake receives any of the venom in the wound, and this, perhaps accounts for the many cures by whiskey.

When struck, cut the wound downward, being careful not to cut too much or too deep, and suck the wound. The venom taken into the mouth or stomach is perfectly harmless. If you are alone, and cannot reach the wounds with your mouth, then heat the blade of your knife red hot, use that. But when hunting snakes carry a syringe loaded with permangate of potash, and inject it into the wound and you will find it a perfect cure.—Forest and Stream.

To Prosecute Roads.

Raleigh, N. C., Jan. 30—The house of representatives has passed the senate bill appropriating $5,000 for the use of the governor in employing counsel to prosecute a complaint of North Carolina against the railroads for the freight rate discrimination which is now before the interstate commerce commission.

DANDY DIXIE MINSTRELS.

Leading Minstrel of United States Will be Here.

"The Dandy Dixie Minstrels" and the Cotton Pickers' Band of forty singers, dancers, musicians and comedians will be the attraction at the opera house on Saturday evening, February 1.

Nothing so stupendous in minstrelsy has ever before been attempted by any other organization of colored performers. There are more comedians, soloists, dancers and all-star players than have ever been gathered together for one company. Every act of the olio is a novelty which has scored success in Europe, while the minstrel first part of the "Royal Palm Grotto" and the funny farce, "A Fowl Deed," were the features of the performance gives during an entire summer season at the Wistaria Grove in the New York Theater Roof Garden.

In addition to the big olio with specialties by James Crosby, Williams & Stevens, Toney Trio, Monroe Taber, Montrose Douglas, there will be a singing novelty called the "Dixie College Rangers," in which the singing forces of the company will render an exquisite vocal arrangement of 'Varsity Class songs. This singing ensemble will revive pleasant memories of college days at Yale, Harvard, Columbia, Cornell, Princeton, Williams, Georgetown and University of Virginia.

RULES FOR GOOD DIGESTION.

A Simple Way to Prevent and Cure Stomach Trouble.

The sufferer from indigestion and stomach weakness should eat slowly and chew the food thoroughly.

But as the majority of people have already so abused the delicate stomach that they suffer with distress after eating, flatulence, headaches, coated tongue, spots before the eyes and the many other symptoms of indigestion, it is necessary for them to use Mi-o-na, the only remedy that will strengthen the muscular walls of the stomach and increase the flow of gastric juices so that indigestion will be cured.

Mi-o-na puts the whole digestive system in such shape that it can care for all the food that is eaten without pain or distress. J. W. McCollum & Co. give an absolute guarantee with every 50-cent box to refund the money unless Mi-o-na does all that is claimed for it. A guarantee like this must inspire your confidence in the remedy.

United Mine Workers.

Indianapolis, Ind., Jan. 30.—The convention of the United Mine Workers of America continued the discussion of the report of the resolutions committee which for the most part deals with matter of minor importance The suggestion of President Mitchell that an insurance feature be added with an indemnity of $100 for death or total disability was discussed at length and sent to the committe on constitution to be reported on. The convention refused to impose a fine on locals or members for violating contracts with operators.

PROF. ROLFS HOME.

Attended a Beneficial Meeting of Farmers' Institute at Bristol.

Prof. P. H. Rolfs, director of the Florida Experimental Station, has returned from Bristol, Liberty county, where on Saturday he attended a meeting of the farmers' institute.

Prof. Rolfs stated that this was one of the best and most interesting, as well as the most instructive meetings from a practical standpoint, which has yet been held in Florida. It was largely attended from every section of that country, nearly there hundred farmers and stockmen being present.

"These farmers' institutes are now in Florida at this time," remarked Director Rolfs, "and we have found it rather a difficult matter to get the people interested; but we are coming along finely now, and every institute shows marked increase in attendance.

"This reminds me," Prof. Rolfs continued, "of our experience along these same lines in South Carolina. I well remember the first meeting we had, when there was thirteen speakers and nine composing the audience. The next year it was little better, and before we had been running four years—in fact at the fourth annual meeting, there were in that audience about 1,200 people, while the speakers had been reduced to nine. In the meantime, however, the farmer and the stockman had learned the value of the practical knowledge afforded by these institutes, and today the results of these meetings are being felt in South Carolina.

"I feel the same way about Florida," concluded the Director. "The people are hard to interest at first, but this Bristol meeting demonstrated the fact that they are becoming interested, and within the next five years you may depend upon it that these institutes will be attended by hundreds of people from every section of the State who are looking for knowledge and new methods."

Many prominent speakers were present at this meeting, among whom were Prof. Rolfs, State Chemist R. E. Rose, and C. K. McQuarrie, a prominent farmer of Walton county.

Will Dismiss Indictments.

Nashville, Tenn., Jan. 30.—Three indictments against the Louisville and Nashville railroad and two against A. W. Brant, agent of the road at Columbia, Tenn., which were found by the last federal grand jury in this district, will be dismissed at the next term of the federal court by reason of the decision just handed down by the United States supreme court, in which the court held the act of congress of June last prohibiting the discrimination against union railroad men to be unconstitutional.

COOPER MET USUAL SUCCESS IN PITTSBURG

Received Thanks from Hundreds While in the Smoky City.

The following article, taken from the Pittsburg Press, describes the results of L. T. Cooper's visit to that city, and the effect of his new preparation as told by people who had become convinced of the soundness of Cooper's theories with regard to the human stomach.

Cooper believes that the human stomach in civilized races has become greatly weakened. He claims that most ill health of the present generation is due to this fact. The article is as follows:

"L. T. Cooper is meeting with the same astonishing success in Pittsburg as in other cities. For the past few days many thousands of Pittsburg people have called at his headquarters to talk with him.

"Cooper's prophecy, made upon his arrival, to the effect that before he left Pittsburg thousands would realize that his theory is correct and would come and thank him for what his medicine had done, is rapidly being borne out.

"On Monday an astonishing number of people called to express their gratitude to Mr. Cooper. Judging from what some of these people had to say to a Press reporter, when interviewed, Cooper's claim that the human stomach is degenerate is distinctly verified.

"One of the most unusual statements was made by Mr. C. W. Woods, of 103 South Highland Street. He said: 'For four years my wife was in very poor health. She was weak and thin, with a hectic flush and cough. Physicians said she had consumption, and I was inclined to believe them. It certainly looked as though her days were numbered, and there appeared to be very little ground for hope.

"'Shortly after Mr. Cooper came to Pittsburg I began to hear of wonderful results that had been obtained by persons who had tried his medicine, so I got some for my wife. She had taken it only two days when she was relieved of a tapeworm 42 feet long. She began to improve immediately—has gained seven pounds since she began taking the medicine. She feels splendid and looks very much better. If any one doubts this statement I would be pleased to have them call at my house and verify it.'"

The Cooper remedies are becoming justly famous. We sell them.—J. W. McCollum & Co.

ALACHUA TO BE IN NORTHERN DISTRICT

Bill Providing for Transfer Passed Senate Without Amendment.

BIG THING FOR GAINESVILLE

Means the Establishing of United States Court Here, and a Possible Increase in Appropriation for the Proposed Government Building.

The victory has been won, the ambition of the people of this section has been gratified, and Alachua county is soon to become a part of the Northern District of Florida, thanks to the efforts of Congressman Frank Clark, and Senators Taliaferro and Bryan.

One of the most beneficial and gratifying features of this transfer will be the fact that there will be a sitting of the United States court in this city, which will give Gainesville prominence and prestige throughout the State.

Several days ago it was announced through The Sun that the bill of Hon. Frank Clark, providing for the transfer of Alachua from the Southern to the Northern district of Florida, and providing for the holding of sessions of the United States Court here, had passed the House. Information now comes that the Senate concurred in this bill, passing the same unanimously and without amendment.

The people of this section feel very grateful to Congressman Clark for his earnest work in the matter of introducing and having the bill passed, as well as to the two distinguished Senators who manipulated its destinies in the Senate.

The transfer means a great deal for Gainesville, principal among which is the holding of sessions of the United States court here. It may also mean an increase in the appropriation for the proposed public building. Altogether it is a good thing, and our people are jubilant over the successful passage of the measure.

IN THE PHILIPPINES.

Young Man of Gainesville is Enjoying Experience of Army Life.

The numerous friends of Sam J. Burnett, Jr., who has been absent from this city for several months, will probably be surprised to learn that he is now in the Philippines, a member of Company M, Sixth U. S. Cavalry, which is the crack company of the crack cavalry regiment now in service on the islands.

Mr. Burnett's friends will also be glad to learn that he is enjoying good health, and that his experience in the army is proving of benefit to him in every way.

DEATH OF W. J. HUNTER.

One of Gainesville's Well-Known Citizens Passed Away.

One of the saddest deaths to occur in this city for some time was that of William Jackson Hunter, which occurred at his home on West Mechanic street at 2 o'clock Thursday afternoon, after a very brief illness. The suddenness of the death made it all the more sad, as Mr. Hunter did not take to his bed until Tuesday night. On Tuesday afternoon he was talking with friends as usual, and never complained of feeling badly. Upon going to his home in the evening of the same day, however, he went to bed, after which he never left the room. The cause of his death was congestion of the stomach.

Deceased was forty-five years of age, and a native of Kentucky, having been born in Benton, that State, March 1, 1863. He came to Florida when seventeen years of age, however, settling at Orange Home, where, in 1889, he was married to Miss Mollie E. Roves.

Deceased, after leaving Orange Home, was engaged for several years in the mercantile business at Wildwood, and enjoyed the distinction of erecting the first business house in that town. He was very successful there, but later decided to come further north, and settled in Gainesville in September, 1901, when he engaged in the restaurant business. At the time of his death he was a member of the firm of Hunter & Oliver, liverymen.

Deceased is survived by a widow and two childr n, Miss Lena and Charles Hunter; mother, Mrs. W. D. Hunter, Lakeland, one brother, T. E. Hunter, Leesburg, and two sisters, Misses Fannie and Mollie Hunter, Lakeland, to whom sympathy is extended.

The remains will be shipped to Wildwood for interment.

A "SNAKEY" PROPOSITION.

Two Farmers Have Been Waging War on Deadly Rattlers.

While it is not a very good advertisement for their respective sections, two farmers, W. B. Crown of Rocky Point and J. Q. Harrell of LaCrosse, have been busy in the matter of slaughtering rattlesnakes within the past week. It is reported that Mr. Crown, while plowing in his field on Tuesday, unearthed four rattlers at one time, which he proceeded to put to death without argument. These reptiles measured four and one-half feet each, and each was possessed of four rattles and a button.

While Mr. Harrell was working in his field a day or two ago he was suddenly confronted by three immense rattlers, who proceeded to show fight, as they evidently did not appreciate being disturbed. Mr. Harrell dispatched two of the snakes, which were six and six and a half feet, and possessed eight and ten rattles, respectively.

As a rule these districts are free from snakes, and it is supposed that the gentlemen unearthed "nests."

DR. KELLEY IS BUSY

Preparing and Mailing Programs to Schools for Arbor Day.

County Superintendent Dr. J. L. Kelley, the efficient director of the destinies of the Alachua county schools, has been busily engaged for the past two or three days in arranging a program for the various schools upon the occasion of Arbor Day, which event will transpire on Friday, February 7. A most interesting suggestive program has been arranged and mailed to the principals of the various schools throughout the county, and a great day is anticipated.

There are ninety-three white and fifty colored schools in the county, hence the laborious task of Superintendent Kelley will be readily recognized and appreciated.

Why

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

Noah was the founder of indigestion—He forgot to leave the pigs ashore

The American people in consequence have ever since been victims of lard-cooked food and indigestion.

Lard soaked food is not fit for human stomachs because lard is made from greasy, indigestible hog fat, and is bound, sooner or later, to make trouble for your inner machinery.

Cottolene is the only rational, national shortening. It is a pure vegetable product, and its source (the cotton fields of the Sunny South) is in striking contrast to the source of lard (the pig-sty).

Cottolene makes food that any stomach can digest—palatable, nutritious and healthful. If American housewives but knew the superiority of *Cottolene* over lard, both from a practical and health standpoint, lard would never again enter any well-regulated kitchen.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

NEWS OF CITY AND COUNTY CONDENSED

T. J. Cone, the lumber manufacturer of Raleigh, was a business visitor to this city yesterday.

Mr. and Mrs. J. H. Truby, who have been residing at Portland, Oregon, for the past year, have removed to Pitner, in the same State.

Capt. J. J. Barr of Micanopy and H. L. Rosenberger of Kirkwood were among those who spent yesterday in this city on business.

Hon. W. T. Weeks, clerk of the court of Bradford county, was in the city from Starke yesterday. Col. Weeks is an old Confederate veteran, and one of the most popular citizens of that county.

Tax Assessor W. W. Colson and Tax Collector W. D. Dickinson, who have been for the past month making official rounds of the various precincts, are now on their last lap, having gone to Micanopy, Tacoma and other points for the purpose of assessing and collecting taxes. These gentlemen report fine success wherever they have been, and declare the people of Alachua county as a rule are quite prosperous. This is especially true of the farmers and stockmen, the former having made excellent crops, while the latter have great droves of fine cattle on their ranges.

The fight in Ohio alarms the Republicans, who fear that party schism may lose the State. We beg to offer our services to keep the feud going, for when rogues fall out, etc.

The Republican factions in New York City do not seem able to secure the dove of peace to hover over their deliberations, for after a long and stormy meeting the Roosevelt-Taft factions prevented the endorsement of Hughes and a fist fight in the rear of the hall enlivened the proceedings.

The New York Sun suggests that Congressmen as a rule are quite ready to vote prohibition on the "unprotected territory" comprising the District of Columbia. "And why not?" asks The Sun, for "with the completion of the new office buildings for Congress almost any lawmaker can have a committee-room and a locker."

At the annual meeting of the Protective Tariff League just held it was declared that "the next nominee of the Republican party for the presidency must and will be a protectionist." This is intended as a stab at Teddy and Taft, though both of them are silent abetters of the standpatters. But the league wants a reactionary, like Knox, or Cannon.

No one has yet been so "bold" as to announce as a candidate for Secretary of State against Clay Crawford. Clay, like his noble old father who held the office for so many years prior to his death six years ago, has so engrafted himself into the good-will of the people that it would be a waste of time and money for anyone to oppose him. A public official never loses anything by being polite and courteous to the people, as well as attentive to the duties of the office he was elected to fill.

The tariff issue is still a live question in Massachusetts. Former Governor Douglass declares tariff reform is the prime issue, for high protection is the parent of trusts and is responsible for graft and corruption in public and private life. That is the Democratic opinion. Then comes Gov. Guild, Republican, announcing that a concerted demand will be made, "after the next election," for a special session of Congress for the revision of the tariff in the interest of common sense rather than of special interests. But those who believe in real tariff reform will find that only a Democratic Congress will supply that boon.

While we are looking over the list of State candidates, it ought not to be forgotten that Hon. W. H. Ellis, our present attorney-general, is in the race, and has made one of the most efficient officers thus far in the State. Mr. Ellis has at all times shown himself to be a man with pronounced convictions as to his duty, and with sufficient codrage to promptly declare them when it was necessary. His rulings and interpretations of the law at all times have been without fear or favor, and insofar as we know have been accepted without question. He is a man of superior strength, and no doubt will receive a strong support.—Live Oak Democrat.

SENATOR J. P. TALIAFERRO.

Captain J. B. Johnston of The Pasco County Democrat pays the following deserved tribute to Senator Taliaferro:

"The people of Florida are peculiarly fortunate in possessing a Senator who does things, who seeks results rather than applause. Senator Taliaferro has served with ever-increasing ability, fidelity and efficiency. His purity of life and force of character, his ripe legislative experience and broad statesmanship no man dare question. His words and his deeds have become an inseparable part of any task or the discharge of any duty. Though it is but a friendly office in one of the departments of the Government for some humble constituent he undertakes it with cheerful alacrity. In committee he is very diligent, practical and earnest in all its labors. Decided in his convictions he has the courage which they inspire in maintaining his opinions. As an evidence of the estimate put upon his ability by those among whom he serves he has been assigned to places on the most important committees of the Senate.

"He is always equal to the duties he assumes. In debate Senator Taliaferro talks well. He never wanders away from his subject, nor falls below the level of the occasion. In the declarations of his opinions he is bold and frank and maintains his views with great zeal. Neither the genius of rhetoric nor the fascinations of oratory make him the able debater he is, but patient and thorough investigation, tireless labor, gives him the ability to sift out the kernel and blow away the chaff. He utters thoughts, not words. It seems to him a duty to convince others. Hence, all he has to say is argument, never decked nor adorned with the flowers of rhetoric or figures of speech. There is no art or guile or stage effect in his oratory. If he has no reason for the faith that is in him he does not trouble others with it. A clear, logical and well-stored mind, an ardent temperament and a profound conviction of the soundness of his position give him great power in the committee-room and place him in the first rank of efficient and reliable Senators. The whole biography of Senator Taliaferro is written in a single word—fidelity—the noblest word after all in the English language.

"It is true of him in every trust of his life.

"He has wrought with all his faculties, and he has strengthened and equipped them all for the best work attainable. He has discharged to the uttermost every duty, public or private. Our politics and our institutions lose in rugged strength when such men as James P. Taliaferro fail of recognition and appreciation in the public service. His devotion to the matter in hand, whether great or small, is a striking characteristic of the man. He advances to the end in view in the sunlight and by processes seen and known of all men. His courtesy is as sincere and cordial as it is plain and artless. He cultivates no grace at the expense of his sincerity, nor stimulates a pleasure he does not feel. Senator Taliaferro is emphatically a growing man. He gives promise of the most eminent usefulness, and he and his friends may justly look forward to the recognition and reward to which his genuine merit is entitled to acquire. His reputation and his usefulness are mounting higher and higher. His colleagues bear willing testimony to his services, services which entitle his name to a loving remembrance not only by the citizens of Florida, but by the nation."

DIFFERENCE OF OPINION.

The Sun's Washington correspondent says:

"There are some men in the Democratic party who occupy responsible positions in the councils of their party in the House of Representatives that believe their party's welfare will not be best subserved by the nomination of Mr. Bryan for the Presidency, and so when Champ Clark nominated him in the House this week the demonstration created through the art of oratory, with which the eloquent Missourian is so familiar, did not strike a responsive chord in the breast of every Democrat on the floor. These men believe that, twice defeated as the candidate of the Democratic party, Mr. Bryan's candidacy would, under existing conditions, be just as fatal to success in 1908 as it was in 1896 and 1900, and they believe that the party should seek out some man who can bring strength and confidence to the National ticket. Democrats who have unhesitatingly urged the withdrawal of Bryan as the only road which would lead to party success joined with their colleagues in the demonstration, though they deprecated anything which would appear to commit the minority members of the House as a whole to the personal cause of Mr. Bryan. That the Republicans joined in the cheers at the mention of Bryan's name was significant. These cheers were called forth by the belief of the Republicans in the weakness of Mr. Bryan as a candidate against the man chosen by the Chicago convention next June, whomsoever that man may be."

POLITICAL IMPROPRIETY.

Mr. Hearst, in his letter to his Western manager of the Independent League, says: "It seems to me that the new-party movement should not be a third-party movement for long. I mean by that, that if it is properly directed it will soon supplant one of the old parties." Mr. Hearst is still president of the National Association of Democratic Clubs, and yet is using all his energies and supporting in his papers the building up of this new party, which he expects will soon supplant the Democratic party. His resignation as head of the Democratic clubs should at once be offered to the chairman of the Democratic National Committee. To do otherwise is an act of great political impropriety, and if persisted in lays him open to the charge of perfidy. As the campaign for President is about to open we see the extraordinary spectacle of one of the chief organizations of the party in the hands of the man who is trying to supplant the Democratic party, and who may be a candidate opposing the Democratic candidate.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HOW TO PROLONG LIFE

Advice of Our Beloved Poet, Dr. Oliver Wendell Holmes.

If there is one desire more strongly implanted in the human breast than another as we reach mature years, that desire is to prolong life. Dr. Oliver Wendell Holmes when asked how to live long replied: "Get a fatal disease and then take care of yourself."

We want to say to the people of Gainesville who are reaching maturer years if you feel you are not as strong as you used to be you need not get a fatal disease to prolong life, but keep the digestive organs in good condition, and the bodily tissues from wasting by taking our delicious cod liver and iron preparation, Vinol.

Vinol is not a patent medicine, but a delicious modern cod liver preparation without oil, made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate-of-iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

Mr. Joseph Banks of Decatur, Ill., in his seventy-eighth year, says that owing to Vinol he feels stronger and younger than he has for many years.

There are hundreds of old people in this vicinity who need just such a strength maker and tissue builder as Vinol, and we ask them to try it on our offer to return money if it fails to give satisfaction.—W. M. Johnson, Druggist, Gainesville, Florida.

MELROSE ITEMS.

Melrose, Jan. 30.—Dr. and Mrs. J. Paxton entertained about thirty of their friends at dinner at the Huffman House on Thursday, followed by a very enjoyable progressive euchre party, at the end of which six pretty prizes rewarded the lucky holders of the highest scores.

The new boat being built for use between Melrose and Waldo is getting into shape finely, and the owners expect to launch it sometime early in March. The 35-horsepower engine is expected soon. Quite a number of the Northern visitors gather daily at the lake shore to watch the work, few having seen such a large boat in the making.

W. D. Dickinson and W. W. Colson, the efficient county tax collector and assessor, were in town Thursday doing business. It is to be hoped that both these gentlemen will come out for re-election.

Ben Richards, representing B. F. Jordan & Co., at Gainesville, was in town in the interest of the insurance business, meeting with good success.

Mrs. S. Coward and daughter, and Miss Cora Lyons, left Wednesday for a visit to Mrs. C. W. Rogers at Live Oak. While on their way their train got wrecked and both ladies were severely shaken up.

Newly registered at the Huffman House are Robert E. Day, Milledgeville, Ga.; W. A. Pearsell and Chas. A. Pearsell, Boston, Mass. Other visitors in town are Mr. and Mrs. H. C. Barnett of Hawthorne.

STORE BURGLARIZED.

Afterward Robbers Broke Open the Jail and Released a Prisoner.

Mobile, Ala., Jan. 30.—The general store of Nelson Franklin & Co., at Bay Minette, Ala., near here, was broken open and robbed of a large amount of goods Tuesday night. It is believed that the work was done by an organized gang of thieves.

With the aid of heavy timbers they broke in the Baldwin county jail and released a prisoner who had been arrested for larceny. A hole was battered in the jail wall.

Indianapolis Has $1,000,000 Fire.

Indianapolis, Ind., Jan. 30.—A fire at the warehouse of Henry Coburn & Co., early Wednesday caused a loss which is placed at $1,000,000, with insurance of $575,000. Over one hundred firms with goods stored in the warehouses are losers. Marion county had stored $10,000 worth of voting machines on which there was no insurance. Six firemen were slightly hurt, none seriously.

Troops for Fort Barry.

San Francisco, Cal., Jan. 30.—Fort Barry is to be occupied at once by United States troops. Major McK. Williamson, the new construction quartermaster at Fort Mason, notified General Funston Monday that the quarters at Fort Barry are ready for occupancy.

THE MID-WINTER EXPOSITION.

Great Crowds in Attendance—Low Excursion Rates.

Jacksonville, Fla., Jan. 30.—The Florida Mid-Winter Exposition was successfully opened on last Saturday, January 25th, with an attendance of over 12,000 people, and with almost every show and exhibit in place. In many respects, although smaller, of course, this exposition is far superior to the Jamestown Exposition, and the attendance will undoubtedly be four or five times larger than that of the Norfolk affair.

Not the least attractive is the space showing exhibits from all countries, including many elaborate ones made by Florida citizens and firms. The showing of celery from the city of Sanford is attracting a great deal of attention, especially on the part of the tourists and home seekers. The exhibits from Daytona were not in place and will not be among the list this week. Duval county fairly out-did itself in attempting to exhibit almost everything in the manufacture line.

The Florida Trail is daily alive with people, and the Midway shows are very creditable in every way. Some great free acts and attractions are booked for immediate appearance at the exposition. The famous Beachey airship, which broke all records at St. Louis last fall, will be navigated over the exposition grounds and the city of Jacksonville twice a day, commencing February 1st; this great free attraction will undoubtedly bring thousands of people to the exposition.

The grounds are open from 10 a. m. until 11:30 p. m., with free admission to Dixieland Park from the exposition grounds. The admission has been wisely placed at 25 cents, instead of 50 cents, as is usual at expositions and the State Fair at Tampa. This low price of admission will have a potent effect upon the attendance.

The Board of Trade of Jacksonville has appointed a committee to assist in booming the exposition, and this will materially aid in making a success of this great affair.

Low excursion rates will prevail on the railroads and these rates can be obtained from any of the railroad agents.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

Mule Had Hydrophobia.

Thompson's Mill, Ga., Jan. 30.—The appearance here of a rabid dog a few days ago caused much fright. The animal bit several dogs and a mule. The dog was killed. In a few days, however, the mule evidenced symptoms of hydrophobia, biting another mule in the herd, and snapping viciously at all who went near him. He seized a negro worker about the lot by the coat sleeve and came near biting him. The negro left his coat in the teeth of the frenzied animal and fled, while the mule tore and shook the garment ferociously. The mule later died.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashley street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

COULD NOT WALK FOR FOUR MONTHS

Mass of Itching, Burning Humor on Ankles—Feet Fearfully Swollen—Opiates Alone Brought Sleep—Many Treatments Failed but

TORTURES OF ECZEMA YIELDED TO CUTICURA

"Cuticura Remedies are all you claim them to be. I had eczema for over two years. I had two physicians, but they only gave me relief for a short time and I cannot enumerate the ointments and lotions I used to no purpose. My ankles were one mass of sores. The itching and burning were so intense that I could not sleep. I could not walk for nearly four months. One day my husband said I had better try the Cuticura Remedies. After using them three times, I had the best night's rest in months unless I took an opiate. I used one set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent Pills, and my ankles healed in a short time. It is now a year since I used Cuticura, and there has been no return of the eczema.

"I had a small lump in the corner of my eye for over a year which was very painful and got larger all the time. I thought I would try Cuticura Soap and Ointment on it, and now it is gone. I am seventy-three years old and have lived on the farm I now occupy for twenty-seven years. Cuticura Remedies are the safest and most reliable I have ever used for all skin humors. Mrs. David Brown, Locke, Crawford Co., Ark., May 18 and July 13, 1907."

ALABAMA REPUBLICANS.

Executive Committee Called to Meet on February 18th.

Birmingham, Ala., Jan. 30.—Chairman J. O. Thompson, chairman of the state republican executive committee, also referee of the president in Alabama, has issued a call for a meeting of the committee on Feb. 18, in Birmingham, to take up such matters as may come before it.

The selection of delegates to the national convention is the most important matter before the republicans of Alabama at present. Chairman Thompson and Secretary Steele have both expressed favor for Secretary Taft.

INTERNATIONAL MARRIAGES.

Is Denounced by Representative McGavin on Floor of House.

Washington, Jan. 30.—International marriages of American heiresses to titled foreigners were denounced on the floor of the house of representatives Tuesday by Mr. McGavin of Illinois, who spoke on the bill of his colleague, Mr. Sabath, to tax all dowries and titled husbands.

Mr. McGavin's remarks were made under the license of general debate. At times they provoked laughter and applause on both sides of the chamber.

Tre house, he said, was in committee of the whole, on the state of the union, but he wanted to know what the state of the union was, and what it was coming to "in view of these international unions between American heiresses and alleged nobles from abroad." He wondered what the early pioneers would think and say if from their graves they could look back and see so many of the women of this country "sacrificing their souls and honor upon the altar of snobbery and vice."

He expressly stated that he had no reference to any particular American girl, nor has he prejudice against all titled men, but he referred "only to those who have a monacle on their eyes and an idiotic look upon their faces—those who have not the disposition to do good nor the ability to do harm."

NOT IN U. S. SENATE RACE.

Governorr Hoke Smith Is Not a Candidate This Year.

Atlanta, Jan. 30.—Governor Hoke Smith, prior to his departure for Washington, D. C., gave out a statement to the effect that he will not this year be a candidate for the United States senate, but will go before the people in the coming primary as a candidate to succeed himself as governor.

That it is Governor Smith's ambition to go to the senate, that he had the race under consideration and that until recently he expected to be a candidate for that office, his public announcement leaves no question. Governor Smith's decision and announcement will greatly clarify the political situation in Georgia, and gives the state assurance of one of the quietest political years it has yet known

The governor wil stand for re-election, and in accordance with time-honored custom, he will undoubtedly receive the primary nomination without opposition.

This means also that Senator A. S. Clay will stand for re-election, and it is confidently expected that he, too, will receive the nomination without opposition.

Death from Wood Alcohol.

Atlanta, Jan. 30.—An old man who for the past two weeks has been sleeping at night at the Salvation Army hall on Marietta street, where he gave his name as Gillette, was found dead in his bed early in the morning by J. T. Snider, the night clerk. Taken ill during the night, Gillette stated to Mr. Snider that he had taken wood alcohol by mistake. Coroner Thompson held an inquest over the body at the undertaking establishment of Harry G. Poole, the jury returning a verdict of death from wood alcohol poisoning, the evidence adduced leading to that conclusion.

A CLOCK IN A BOTTLE.

The Way This Marvel of Mechanism Was Constructed.

A German clockmaker living in the little village of Gommer, near Magdeburg, built a clock in a bottle. The maker, H. Rosin, secured a strong movement with a cylinder escapement measuring forty-five millimeters and began by sawing the plate into halves. The opening in the neck of the bottle measures fifteen millimeters, and in order to get these halves into the bottle he cut another segment off each of the halves of the plate. He built a sort of tripod as a resting place for the movement. This tripod was assembled after he had introduced its parts into the bottle separately. The tripod is so constructed that it cannot turn when the movement is being wound. The four pieces of the plate were fastened side by side by means of screws to the platform attached to the tripod, a long screwdriver and other tools especially constructed for the purpose having been used for this operation. When the plate was put together, the clockmaker proceeded to put all the parts of the movement in their original places with the motion wheels for the hands. A ring of white metal was placed around the neck of the bottle, and upon this ring was soldered a round plate, thus closing the opening. On this cover were fastened in an inclined position the arms which serve as a support for the dial.

The dial is made of a ground glass plate, which has a diameter of twenty centimeters. The black numbers on the dial are cut skeleton fashion and cemented to the glass. At night one can tell the time by placing a light behind the dial.—Technical World.

THE HUMAN TONGUE.

Eloquent Even When It Does Not Articulate a Word.

It is never necessary for the tongue to talk in order to tell that you are ill or the nature of your illness. The tongue of the dumb is quite as eloquent when viewed by an experienced physician as the tongue of the most talkative person.

It is a wonderful organ and should be studied by all parents, not only on their own account, but on account of their offspring. It aids in mastication of food, in drinking, in sucking, in articulation, and contains in its mucous membrane the peripheral organs of taste. There are doctors who will spend half an hour feeling of your pulse and listening to your heart beats. There are others who command, "Stick out your tongue." One glance at your tongue will to them tell the tale.

Tremulousness of the tongue when it is protruded is a positive sign of various nervous diseases. But by far the commonest cause of this tremulousness is an excessive indulgence in alcohol. There is an old rule about looking into a man's eye to tell if he be a habitual lusher. It often fails. Drink in some men excites the lachrymal glands, causing the eye to appear watery. But all of us know men who have watery eyes, yet never touch liquor. But the best and final test is the tongue. It is the only sign that cannot be concealed. If a man seeking employment swears on a stack of Bibles that he does not drink, make him stick out his tongue. If it trembles he is a liar.—New York Press.

Combs Made of Old Shoes.

A mountain of old boots and shoes, indescribably ugly, indescribably filthy, lay in the factory yard.

"We'll make combs out of them," said the chemist, "combs that will pass through the perfumed and lustrous locks of the most beautiful girls. Seems strange, doesn't it?"

"Very."

"Yet it's a fact. That is what becomes of all the world's old shoes. They are turned into combs. The leather is first cut into small pieces and immersed two days in a chloride of sulphur bath; then it is washed, dried and ground to powder; then it is mixed with glue or gum and pressed into comb molds.

"It makes good enough combs, but I prefer the rubber ones myself."—Exchange.

The Overcoat.

Probably in no other department sartorial is there exhibited so much indifference to hygienic considerations as in the overcoat. The greatest fallacy of all perhaps in regard to the choice of an overcoat is that the terms "weight" and "warmth" are synonymous. As a matter of fact, they are nearly always diametrically opposed. Moreover, the heavy overcoat is a tax on the resources of the organism and destroys the economy which a good insulating cloth is intended to secure. —London Lancet.

Had Been There.

"Here's a firm advertises for a general man, not afraid of good pay, one willing to start at 10 and quit at 3. You have all the qualifications to land that job."

"All except the $10,000 to invest in the business."—Pittsburg Post.

SOLD BY ALL DRUGGISTS

A Pugnacious Super.

When F. R. Benson, the actor, was training two armies of "supers" for a battle, he had some difficulty in persuading the weaker side to submit to be conquered. Even at the first performance the vanquished force, which included a somewhat pugnacious Irishman, who may be called X., upset traditional usages by severely mauling its victors, and the play must have suffered if the hint of one of the warriors had not been taken.

"Look a-here, Mr. Benson," he said, "if you want us to be beaten, you must put X. in the other army. That's the only way."—London Standard.

Margaret's Alphabet.

Little Margaret was having difficulty with the alphabet, which was being taught her in the good old way. The letter H was a desperate pitfall. H she could not remember, so her mother said, "See, Margaret, it looks like a gate." That was an inspiration. Now Margaret is in clover. She never forgets, but this is what she says:

A, b, c, d, e, f, g, gate, i, etc. Her mother sees still harder work ahead in making the little maid forget.—Washington Star.

ALACHUA COUNTY....

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 128 public schools, 27 phosphate plants, 20 saw mills, $75,000 court house, four newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables.

Gainesville, the County Seat...

Has fourteen churches, two public schools, the University of Florida, private schools, three newspapers, United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two moss factories, three railroads, two fertilizer manufacturing companies, one fiber manufactory, one rectifying turpentine plant, four banks, and well stocked stores embracing everything in the commercial line.

Keeping constantly at it is the key to successful advertising.

You cannot spurt much and win. A business career that goes by fits and starts will not pay so well in the long run as a business that follows a course mapped out for it and keeps increasing its advertising as the business demands it until the maximum is reached. There is a maximum for a small business beyond which it is not economy or policy to go.—Brookline Chronicle.

Our columns furnish the key to successful advertising in this community.

FRESH INSPIRATION.

Napoleon and His Attitude Toward the Common Soldier.

Napoleon understood human nature. He recognized the great truth, "As a man thinketh in his heart so is he," and knew how to apply it not only to himself and his own ambitious projects, but to other men as well. Moreover, he knew precisely the right moment to apply it to quicken the spark of divine energy which smolders in every man, although the ashes of fatigue and failure may cover its light temporarily.

A French soldier carried a dispatch to Napoleon. Just as he delivered it into the hands of the emperor his spent horse dropped dead. Napoleon wrote an answer to the dispatch, then, dismounting from his own horse, he handed the bridle to the soldier.

"Take this horse and ride back, comrade," he said.

"Nay, sire," stammered the soldier, gazing at the blooded horse and its trappings. "It is too magnificent and grand for me, a common soldier."

"Take it!" commanded Napoleon. "There is nothing too grand and magnificent for a soldier of France."

The soldier mounted and rode away on his perilous business, ready and willing, and Napoleon's words, repeated through the ranks and columns of his army, gave to his tired troops fresh inspiration and energy. "Nothing too grand and magnificent for a soldier of France!" they said, and the thought that they were worthy of the best inspired them to the mighty deeds which followed.

WIFELY ORDERS.

Two Men Obeyed Them, but the Third Man Balked.

"Three men sat rather late at the club one night," said the man who is responsible for the story. "As they were separating they discussed a little nervously the receptions that awaited them at their wives' hands and agreed that he who didn't do what his wife told him on getting home should have to treat the others to a turkey dinner. The first man after reaching his house stumbled about the dark bedroom till he kicked the cat. The cat squalled, and the man's wife, raising her head from the pillow, moaned, 'Well, go on; kill the poor cat and have done with it.' The man frowned and muttered to himself, 'It is a case of kill the cat or pay for the dinner.' So he killed the cat.

"The second man on his arrival could not find any matches. As he looked for some in the drawing room he bumped against the piano, and his wife complained. 'Why don't you break the piano, careless?' Determined not to lose his bet, the man got a hatchet, and the sound of crashing blows soon filled the house.

"The third man, getting home, stumbled on the way upstairs. His wife screamed angrily, 'Go on, fall downstairs and break your neck, do!' 'Not me,' said the third man after a moment's thought. 'I'll pay for the turkey dinner.'"—Chicago News.

A Merchant's Memory.

Among the characteristics which made for the success of Mr. A. T. Stewart, the great New York merchant, says Richard Lathers in his "Reminiscences," was an extraordinary memory for the details of his vast business.

One day as Mr. and Mrs. Lathers were leaving the store Mr. Stewart accosted them at the door.

"I hope, Mrs. Lathers, you have found what you want," he said.

"No, Mr. Stewart," she replied. "I want a very plain brussels carpet for a small library, a light color with a small blue figure. You have a great variety, but nothing just like that."

"I am quite sure we have that exact description," he said, and, turning to a clerk, added: "Go to the third floor and get out from the last invoice of carpets No. 2206. I think the style and pattern will just suit Mrs. Lathers."

To the amazement of the shopper it proved to be the very thing she was looking for.

THE RAINY SEASON

An umbrella is a personal piece of property that everybody needs in the rainy as well as the sunshine season and if you have a good one—the kind we sell—your friends will be careful to return it. It seems odd, but our personal experience has been that it is easier to keep a GOOD umbrella than an ordinary one. And this statement is not made with a selfish end in view but made truthfully. Have you tried both kind? Let us sell you an umbrella of quality—silk covered—silver, gold or pearl handles. From $3.75 up.
